

Dear Plaza South Owners and Residents, Good morning. Please review the attached diagram.

Effective tomorrow, Friday, October 11, 2019, there will be a new one-way traffic pattern for the Plaza South front driveway. Due to the on-going special assessment projects, this change is to keep the Plaza South residents, employees and our contractors safe. We are not sure how long we will keep this new traffic pattern. PLEASE DO NOT GO AGAINST THE NEW TRAFFIC PATTERN AND FOLLOW SIGNAGE for everyone's safety.

- \* The only entrance will be the driveway on the north side of the property. Please do not enter the property from the south driveway.
- \* Owners exiting the garages will not be permitted to turn right (north) onto the driveway toward the lobby.
- \* Owners exiting the garages must exit the property using the driveway on the south side of the property (drive straight out of the garages to Galt Ocean Drive).
- \* Visitors, employees, and contractors utilizing the North Lot may exit using the north driveway. As a reminder, owners are not permitted to park in the North Lot other than temporary parking to load and unload. Parking in the North Lot will be extremely limited and strictly enforced. Illegally parked and unregistered vehicles are subject to being towed at the vehicle owner's expense.

Thank you for your cooperation.
